

MEMBER HEALTH POLICY PROPOSALS

The CMA's strategy, Impact 2040, is focused on creating strong and accessible health systems, fostering well-being and diversity in medical culture, and ensuring every person in Canada has equal opportunity to be healthy. Each Health Policy Proposal will be reviewed for its level of fit, focus and relevance to Impact 2040, and whether CMA health policy already exists on the issue.

It is the sponsor's responsibility to check if the proposal is aligned with Impact 2040 and to check the CMA policy database to verify that this proposal does not duplicate existing policy. For guidance on alignment with Impact 2040, sponsors can contact healthpolicyproposals@cma.ca before completing this submission form.
