WHY SHOULD I WORK IN THIS PROVINCE?
Saskatchewan, the home of medicare, continues its commitment to excellence in a publicly funded health care system. Physicians have many employment opportunities, both fee-for-service and alternate payment, in urban and rural settings. Compensation is very competitive with the compensation available in other Canadian provinces. Saskatchewan residents enjoy a high quality of life, housing is affordable, commutes are short and the provincial sales tax is five percent.

PROVINCIAL INITIATIVES
In conjunction with the Government of Saskatchewan, the Saskatchewan Medical Association (SMA) has established a physicians’ Retention Fund that provides financial incentives for physicians who practise in the province for extended periods. The annual accumulations are paid at designated intervals. The SMA also negotiated the Family Physician Comprehensive Care Program, intended to compensate family physicians who provide a full range of primary care services to their patients. This is intended to provide an incentive for more physicians to expand their practices and provide this full range of services for patients.

The Ministry of Health through the Rural Physician Incentive Program provides $120,000 in funding over five years to recent medical graduates who establish practice in rural communities with a population of 10,000 or less. The program is open to both Canadian and International Medical Graduates.

The SMA provides several programs for its members, including continuing medical education funding, a parental leave program, and enhancement training for rural and regional physicians as well as for specialists.

ELECTRONIC MEDICAL RECORDS
The Saskatchewan EMR Program assists physicians with the implementation of EMR systems in their clinics. Physicians can realize many benefits from EMR software. For more information on converting to an EMR system or for assistance in optimizing the use of your system, please go to sma.sk.ca/4/emr-program.html.

TOP IN-DEMAND SPECIALTIES
- General practitioner
- Internist
- Psychiatrist
- Pediatrician

RESIDENCY IN WINNIPEG?
STUDY HERE - PLAY HERE - THRIVE HERE
Residency in Winnipeg offers an attractive catalogue of benefits that will appeal to you in a variety of ways. Enjoy a vibrant city with a thriving arts, culture and sports scene, all while reaping the benefits of a residency program offering unparalleled support and professional representation.

Manitoba offers a wide range of cultural and entertainment attractions for you, friends and family to enjoy together. Music and Arts festivals are common and always exciting attractions in and around Winnipeg. From Winnipeg Folkfest, Fringe Fest, and internationally acclaimed Folklorama to the Gimli Icelandic Festival, Manitoba Moose, Winnipeg Blue Bombers or Winnipeg Goldeyes! The Professional Association of Residents and Interns of Manitoba (PARIM) is incredibly proud to boast that they offer a competitive package of benefits for residents.

PARIM is also proud of its great relationship with Doctors Manitoba, which has led to many benefits completely unique to residency in Manitoba. Health and Wellness initiatives are frequently offered. Advocacy services are readily available should they be required and a new and improved Mentorship program has just begun. Doctors Manitoba also administers on behalf of PARIM an impressive suite of not-for-profit insurance products including Disability, Life and Accident.

PARIM and Doctors Manitoba provide full support to residents to make life a little bit easier. A comprehensive list of frequently asked questions about salary, on-call, etc. is available on the PARIM website and given out at orientation.
