1) Applicants for membership
The following provisions shall apply pursuant to Section 5.1 of the Bylaws:
1.1 All applications and supporting documents must be provided in either French or English.
1.2 All applicants shall expressly declare their pledge of membership as provided in the bylaws.
1.3 Upon membership renewal, all applicants shall be required to notify the Association if any of the conditions pertaining to the grant of membership have changed.

2) Membership fees
The following provisions shall apply pursuant to Section 3 of the Bylaws:
2.1 The Association may collect membership fees directly from members in the following circumstances:
(a) at the request of a division;
(b) the division refuses to collect and remit Association dues;
(c) the division ceases to exist as a result of a bankruptcy, merger or other reason; or
(d) either the division or the Association has served notice it intends to discontinue the provincial/territorial medical association’s status as a division and in future intends to deal directly with members in that jurisdiction on matters of membership and engagement.

In the cases of (a) and (b) above, the Association will request from the member confirmation of the member’s status in the division.

The following provisions shall apply pursuant to Section 5 of the Bylaws:

<table>

* Since 2008, fees for residents, students and retired members-at-large mirror the overall membership framework.
** Implemented in 2006
*** Merger of the former CMA Senior member and CMA Honorary membership categories
+ As per 1994 GC resolution
++ Implemented in 2016

3) Termination or suspension for ceasing to meet the conditions of membership

The following provisions shall apply pursuant to Section 8.1 of the Bylaws:

3.1 If the Board of Directors resolves to terminate or suspend a member for ceasing to meet the conditions for membership described in Chapter 5 of the Bylaws, the Chair of the Board shall notify the member in writing at least 30 days before the effective date of the termination or suspension of membership. Such notice shall include the following information:

(a) the effective date of the termination or suspension;
(b) the duration of the suspension if applicable;
(c) detailed reasons for the intended termination or suspension;
(d) a statement that the member will be given the opportunity to make written submissions in response to the reasons given and the date by which such written submission must be received in order to be considered;
(e) the contact information of the designated person to whom written submissions should be addressed.

3.2 In the case of a suspension, the maximum number of days a member may be suspended is 364. If the reasons for the suspension have not been resolved to the satisfaction of the Chair of the Board, then the board of directors may resolve to terminate the membership and the procedure set forth pursuant to Rule 2.1 shall apply.

3.3 If the member does not provide written submissions to the designated person referred to in the notice on or before the date specified in the notice, then the termination or suspension shall be effective on the date set out in the notice.

3.4 If the member provides written submissions to the designated person on or before the date specified in the notice then the following procedure shall apply:

(a) The Board of Directors shall consider the submissions made by the member;
(b) The Chair of the Board may extend the effective date of the termination or suspension if necessary to allow time to consider the submissions, such extension of time to be communicated to the member in writing;
(c) The Board of Directors shall make a final determination about the proposed termination or suspension before the effective date of termination or suspension;
(d) Such decision shall be contained in a notice in writing to the member before the effective date of the termination or suspension and shall be signed by the Chair of the Board.

4) Termination of membership for nonpayment of annual fees

The following provisions shall apply pursuant to Section 8.3 of the Bylaws:

4.1 The applicable Association annual fee is due on January 1 for the current Membership Year.
4.2 Based on reports received from Divisions, the Chief Executive Officer will review the membership list, and will work with Divisions to verify whether payment has been received;
4.3 When the Chief Executive Officer is satisfied that a member’s applicable Association annual fee has not been paid, the member’s membership will be terminated and the member will be notified in writing of such termination.
4.4 A member whose membership has been terminated for nonpayment of the annual fee may be reinstated by submitting the full applicable Association annual fee.

5) Annual general meeting

The following provisions shall apply pursuant to Chapter 9 of the Bylaws:

5.1 The local arrangements for the Annual General Meeting shall be the responsibility of and under the direction of the Board of Directors of the Association.
5.2 Any other individual may attend the business and ceremonial sessions as a guest of the President or the Chair of the Board of Directors, as decided in consultation with the Chief Executive Officer.

6) Member proposals (Corporate)

Inspired by and expanding on the modern Canada Not-for-profit Corporations Act Proposals system and the Canadian Medical Protective Association’s member motions model, member proposals (corporate proposals) are
intended to provide more opportunities for member engagement. Proposals on business and corporate matters will come to the AGM.

6.1 Submitting a corporate proposal – Any member may submit a proposal on a corporate matter for potential discussion or debate at the AGM. The requirements for corporate proposals are:
(a) Must relate in a significant way to business considered at the AGM, and must be corporate in nature. Any proposal received that is policy-oriented will be redirected into the intake process for policy proposals. Any proposal received that relates to a personal grievance will be ruled out of order by the chair of the AGM.
(b) Must be submitted in writing, endorsed by a minimum of 10 members. An online process will facilitate the collection of member endorsements.
(c) Must be submitted 90 days in advance of the AGM in order to be considered for the agenda of the upcoming AGM. Proposals received less than 90 days prior to an AGM will be considered for the agenda of the next year’s AGM.
(d) The content of a proposal must not seek to fetter the Board’s authority to manage the affairs of the Association, nor may it interfere with the Board’s or a director’s fiduciary duty.
(e) Must not be substantially the same as a proposal submitted to members in a notice of meeting held not more than 5 years before the receipt of the proposal and did not receive at least 10% support at that time.

6.2 Next steps – what happens after a corporate proposal is submitted
Upon receipt of a corporate proposal, the chair of the AGM will work with the sponsoring member to
(a) determine whether it meets the requirements above, and the chair will advise the member if the proposal is redirected into the policy proposal intake or ruled out of order;
(b) determine if a corporate proposal is the most effective and appropriate manner to address the issue or if an alternate approach might be considered;
(c) assist in finalizing the content of the corporate proposal to ensure a common understanding of the intent of the proposal and that the proposal complies with the CMA bylaws and operating rules and procedures
(d) refer the corporate proposal to the Board or a committee for consideration and preparation of a response as appropriate.

6.3 Disposition of a corporate proposal – what happens at the AGM
The chair of the AGM may add to the AGM agenda any corporate proposal which he/she determines meets the requirements set out above. For further clarity:
(a) If a proposal does not meet the requirements above, the chair of the AGM will rule it out of order and not eligible for inclusion on the AGM agenda. A written reason for exclusion will be provided to the sponsoring member by the chair of the AGM.
(b) If a corporate proposal is referred to a committee or the Board for consideration, that body may consult with the sponsoring member in determining how to respond to the proposal. A written explanation of the referral will be provided to the sponsoring member by the chair of the AGM.
(c) If a corporate proposal is added to the AGM agenda, it shall be included in the notice of meeting required under the Association bylaws. If so requested by the sponsoring member, the Association shall include in the notice of the meeting a statement in support of the corporate proposal by the member and the name and address of the member. The statement and the proposal together shall not exceed 500 words.
(d) The end result of a corporate proposal that is not ruled out of order can be one of the following
(i) A proposal which has been referred to a committee or the Board may be adopted or rejected by such a body and such adoption or rejection shall be reported to the AGM;
(ii) A proposal may be discussed by the members at the AGM without debate on a motion; or
(iii) A proposal may result in debate of a motion at the AGM; such motion if passed will be advisory to the Board.
(e) The sponsoring member will be informed of the outcome. If the proposal is adopted by the Board or at the AGM, it will be communicated to members and may be added to the policy database (if passed as a motion).

7) Member proposals (Policy)

Member proposals on policy (policy proposals) need to align with CMA 2020 in favour of issues and causes that matter to the profession and patients and to be evaluated based on relevancy, fit and focus. It is the Board’s responsibility to determine the level of effort/resources (financial/human) needed to effectively act on each issue and to weigh this information against the fit within the strategic plan, the knowledge and expertise available to the association and budgetary implications.

7.1 Submitting a policy proposal – Any member, PTMA, Affiliate or stakeholder of the medical profession may submit a proposal on a policy matter at any time of the year. The requirements for policy proposals are:
(a) Must address policy matters, including policy gaps; if deemed existing policy, it will be ruled out of order at the initial stage. Any proposal received that is business oriented will be redirected into the intake process for proposals on corporate matters. Proposals will be vetted by a Proposal Review group struck by the Board and may be referred to a committee, working group or the Board as appropriate.
(b) Will also be reviewed against other eligibility criteria (i.e., in keeping with CMA’s strategic direction and plan, including fit, focus and relevance to CMA 2020.
(c) May be submitted year-round. A policy proposal must be submitted in writing, endorsed by a minimum of 10 members. An online process will facilitate the collection of member endorsements.
(d) The content of a proposal must not seek to fetter the Board’s authority to manage the affairs of the Association, nor may it interfere with the Board’s or a director’s fiduciary duty.
(e) Must not be substantially the same as a policy proposal previously submitted within the last 5 years unless circumstances have changed to warrant a new policy.

7.2 Next steps – what happens after a policy proposal is submitted
Upon receipt of a policy proposal, the Proposal Review group will work with the sponsoring member to
(a) determine whether the proposal meets the requirements above, and will advise the member if the proposal is redirected into the corporate proposal intake or ruled out of order;
(b) determine if a policy proposal is the most effective and appropriate manner to address the issue or if an alternate approach might be considered;
(c) assist in finalizing the content of the policy proposal to ensure a common understanding of the intent of the proposal and that the proposal complies with the CMA bylaws and operating rules and procedures
(d) refer the policy proposal to members and stakeholders for consideration in terms of importance or urgency and further policy development

7.3 Disposition of a policy proposal – what happens after initial consultations
If it is determined that the policy proposal has not garnered enough support to move forward, it will either be set aside for future consideration or dismissed at this stage. The sponsor will be informed. Otherwise, the Proposal Review group will:
(a) refer the proposal to the Board, a committee or working group for further consideration
(b) consult with members and stakeholders on a draft policy
(c) refer the draft policy to the Board for consideration and approval
(d) inform the sponsor of the outcome. If the proposal is adopted by the Board as policy, it will be communicated to members, used in advocacy activities and added to the policy database. If the policy is not adopted, it may be referred to a committee or working group for further development. Note: The Board reserves the right to fast track policy proposals that meet the criteria outlined above and that are non-controversial and require little or no resources to implement.

8) Election or appointment of Delegates to General Council
The following provisions shall apply pursuant to Section 10.2.2 of the Bylaws:

8.1 In electing or appointing an additional delegate to General Council to represent the Territory of Nunavut, the Ontario Medical Association shall give consideration to the clinical or other working experience of the candidates, and shall elect or appoint an individual who is working in the Territory of Nunavut at the time of appointment as a delegate. In the event no candidate meets the criteria, the Ontario Medical Association shall not appoint a delegate to represent the Territory of Nunavut.

9) Observers to General Council
The following provisions shall apply pursuant to Section 10.3.4 of the Bylaws:

9.1 Observers to General Council may be:
   (a) any member of the Association;
   (b) nonmedical personnel of the divisions, the Association, Affiliated or Associated Societies, and representatives of the Royal College of Physicians and Surgeons of Canada and the College of Family Physicians of Canada (c) any other individual invited by the Chief Executive Officer, the President or the Chair of the Board of Directors.

9.2 Observers may attend open meetings of General Council. Member observers may address the participants at microphones designated for this purpose. Non-member observers may address General Council only with the permission of the Speaker.

9.3 Notwithstanding 7.2, past officers of the Association who attend as observers may address General Council in the same manner as delegates. However, observers are not entitled to vote.

10) Divisional entitlement
The following provisions shall apply pursuant to Section 11.2 of the Bylaws:

10.1 In the case of divisional directors, divisional entitlement shall be calculated using honorary members who were granted honorary status after 2005 and all fee-paying members. Notwithstanding the foregoing, while the Board of Directors’ composition is temporarily frozen (until at least 2019), a reduction in divisional membership will not result in a loss of divisional directors.

10.2 Prior to 30 days before the Annual Meeting, the affected division shall notify the Chief Executive Officer of the name(s) of the director(s) whose term(s) shall end at the Annual Meeting.

10.3 Should the affected division not act under section 11.2.2 the Board of Directors shall meet and the directors who are not from the affected division shall decide which director(s) term(s) shall end.

10.4 The Chief Executive Officer shall notify the director(s) selected.

11) Removal of Directors, Officers, and Appointees
The following provisions shall apply pursuant to Section 11.5 of the Bylaws:
11.1 If there is a complaint under CMA’s Respectful Workplace Policy against a director, officer or other appointee, the Chair of the Human Resources and Compensation Committee or his or her designated alternate shall initiate the Investigation Process set out in CMA’s Respectful Workplace Policy.

11.2 If there is a complaint under the Board Code of Conduct against a director or officer, the Chair of the Board shall initiate the procedures set out in the Board Code of Conduct.

11.3 If the Board of Directors resolves to remove a director, officer or other appointee from the individual’s position or appointment for a reason not related to CMA’s Respectful Workplace Policy or the Board Code of Conduct, the Chair of the Board shall initiate the following procedure, which, for greater clarity, is the procedure set out in the Board Code of Conduct:

(a) Notice: The director, officer or appointee will be given notice of the complaint or allegation against him or her, including the name of the complainant and other reasonable factual details to allow the individual to understand the basis and substance of the complaint. He or she will also be advised that the complaint may lead to a decision by the Board of Directors that affects the person’s status as a director, officer or appointee.

(b) Response: A director, officer or appointee will be given a reasonable opportunity, ordinarily to a maximum of five business days, to provide a written response to the allegations. In exceptional circumstances, the Board Chair retains the discretion to lengthen the time for a response.

(c) Board Evaluation: The Board of Directors will consider the written submissions of the director, officer or appointee whose conduct is being reviewed and render its decision in writing as soon as practicable. The person whose conduct is being reviewed shall not participate in the Board meeting called to consider the complaint.

(d) Remedies: The Board will consider each complaint on its merits and have full discretion to dispose of complaints as it sees fit. The Board may determine, where there are sufficient grounds, that the appropriate remedy is removal of a director, officer or appointee in accordance with the procedures set out in the by-laws and Operating Rules. Such decision shall be contained in a notice in writing to the director, officer or appointee before the effective date of the removal from office and shall be signed by the Chair of the Board.

12) Terms of Office and vacancies

The following provisions shall apply pursuant to Sections 11.4 and 11.6 of the Bylaws:

12.1 If an incumbent resigns or is removed from a seat on the Board of Directors effective as of the end of the next Annual Meeting, the seat is not considered vacant and the Board of Directors cannot appoint a replacement. The seat shall be filled according to the ordinary nominations and elections process for the Board of Directors, and the term of office for the newly elected individual shall be as set out in Section 11.4.1 of the Bylaws. For election of divisional directors, the call to divisions will stipulate candidates who are willing to hold office for two consecutive terms.

13) Nominations for election to the Committee on Nominations

The following provisions shall apply pursuant to Section 12.1 of the Bylaws:

13.1 Nominations for the Committee on Nominations:

(a) shall for the divisional member, be submitted by each division or by 50 members of the division;
(b) shall for the affiliate society member, be submitted by the Board of Directors after consultation with affiliate societies or by 50 members of any affiliate society;
(c) shall for the student member, be submitted by the Board of Directors after consultation with affiliate medical student societies or by 50 student members; and

(d) shall for the resident member, be submitted by the Board of Directors after consultation with affiliate societies of residents or by 50 resident members.

13.2 If there is more than one nomination for any position, a ballot shall then be taken for that position.

14) Nomination procedures for positions elected by General Council via the Committee on Nominations Report

The following provisions shall apply pursuant to Section 12.3.5 of the Bylaws:

14.1 Each nomination for positions elected by General Council:

(a) shall be submitted in writing to the Chief Executive Officer;

(b) shall be accompanied by a curriculum vitae;

(c) shall contain full name and address;

(d) shall be received 90 days prior to the first day of the Annual Meeting of members;

(e) shall be referred by the Chief Executive Officer to the Committee on Nominations;

shall, together with the curriculum vitae, be transmitted to all delegates of General Council; CMA will not distribute any election material, other than the bios, on behalf of any nominee for any office; and

(f) may be withdrawn up to the time of the election by the request of the nominator

15) Nominations for Student and Resident members of the Committee on Ethics

The following provisions shall apply pursuant to Section 12.3.2 of the Bylaws:

15.1 Nominations for the student member of the Committee on Ethics shall be submitted by the Board of Directors after consultation with affiliate medical student societies or by 50 student members.

15.2 Nominations for the resident member of the Committee on Ethics shall be submitted by the Board of Directors after consultation with affiliate societies of residents or by 50 resident members.

16) Nomination for the position of President-Elect

The following provisions shall apply pursuant to Section 12.3.4 of the Bylaws:

16.1 Any division may submit 1 nomination for the office of President-Elect, except that in the event of a tie during a divisional election, the division may submit more than 1 nominee.

16.2 A nominee must be selected through an election process open to all Association members in that division and according to a process established by the Board of Directors of the Association.

17) Voting at meetings of the Association

The following provisions shall apply pursuant to Chapter 18 of the Bylaws:

17.1 Except as otherwise provided in the Bylaws including the rules of order referenced in section 18.1 or these Operating Rules and Procedures, questions shall be decided by a simple majority of the votes cast. In the case of an election, if more than 2 candidates are on the ballot and no candidate receives more than 50% of the votes cast, the candidate receiving the lowest number of votes is retired from the ballot and another vote is taken involving the remaining candidates. This process is repeated until one candidate obtains the majority of votes cast.

(a) Tie Vote Procedure (3 or more candidates)

In an election where more than 2 candidates are on the main ballot, in the event there is a tie for the lowest number of votes and no candidate receives more than 50% of the votes cast, a vote will be taken between only the tied candidates (a “Tie Breaker”). In a Tie Breaker, the candidate receiving the lower number of votes is retired from the main ballot and the candidate receiving the higher number of votes
is included on the main ballot for a revote between all remaining candidates. If the Tie Breaker results in a tie, the names of the Tie Breaker candidates shall be entered into a random draw to be made by the Chair of the meeting. In that event, the name drawn by the Chair is included on the main ballot for a revote between all remaining candidates, and the other Tie Breaker candidates are retired from the main ballot.

(b) Tie Vote Procedure (2 candidates)

In an election between only 2 candidates, if there is a tie, a second vote will be taken and the candidate receiving more than 50% is the successful candidate. In the event of a tie on the second vote, the names of the candidates shall be entered into a random draw to be made by the Chair of the meeting. In that event, the name drawn by the Chair is the successful candidate.

17.2 Unless a poll is demanded, a declaration by the chair of the meeting as to whether or not the question or motion has been carried shall be evidence of the fact without proof of the number or proportion of the votes recorded in favour of or against the motion or for any candidate. On the request of any person eligible to vote, the Chair shall announce the exact count of the poll.

17.3 With the consent of the members at a meeting of the Board of Directors or a Committee, questions may be decided on the basis of consensus without voting.

18) Vacancy in the office of President-Elect

The following provisions shall apply pursuant to Section 13.3.1 of the Bylaws:

18.1 In the event that the office of President-Elect becomes vacant at any time prior to 90 days before the Annual Meeting of members, the following procedure shall be implemented:

(a) As soon as the vacancy becomes known, the Chief Executive Officer:
   (I) shall notify divisions, delegates to the preceding General Council and all other members of the Association that the office is vacant; and
   (II) shall issue a call for nominations.

(b) Nominations for the office of President-Elect shall be submitted in writing to the Chief Executive Officer by any division or any 50 members of the Association within 30 days of the issue of the call for nominations.

(c) The Committee on Nominations shall convene a meeting by teleconference to consider the nominations and to make its recommendation.

(d) Members of the preceding General Council will be advised of the Committee on Nominations’ recommendation and be invited to submit other nominations for the office. Such nominations must be received by the Committee on Nominations within 15 days from the date of mailing the call for additional nominations.

(e) In the event that there is more than one nomination for the position, each member of the preceding General Council shall be sent a ballot containing all nominations.

(f) Ballots shall be returned to the Chief Executive Officer of the Association within 21 days of mailing.

(g) The Chief Executive Officer shall count the ballots.

(h) The Chair of the Board of Directors shall declare the person receiving the most votes elected.

18.2 In the event that the office of President-Elect becomes vacant during the 90 days before the Annual Meeting of members, the following procedure shall be implemented:

(a) As soon as the vacancy becomes known, the Chief Executive Officer:
   (I) shall notify divisions, delegates to the preceding General Council and members of the Association that the office is vacant; and
   (II) shall issue a call for nominations.
Nominations for the office of President, for the Association year immediately following the Annual Meeting of members, shall be submitted in writing to the Chief Executive Officer by any division or any 50 members of the Association.

Nominations shall be eligible for consideration by the Committee on Nominations if they are received by 5 pm, local time, on the day preceding General Council.

The Committee on Nominations shall consider the nominations and shall submit one or more nominations to General Council. In the event that no eligible nominations for the position are received, the committee may select a nominee.

If the office becomes vacant after 5 pm, local time, on the day preceding General Council and before the adjournment of General Council, the Committee on Nominations shall select one or more nominees for submission to General Council.

The election shall follow the procedures outlined in Section 13.1 of the Bylaws.

19) Conduct of CMA Meetings

The following provisions shall apply pursuant to Section 18.1 of the Bylaws:

(a) Business should be transacted in an orderly manner to enable members to express opinions within limits of decorum. At all times, participants will support a respectful and collaborative environment.

(b) CMA meetings will proceed according to the agendas set out in advance of the meeting.

(c) Some sessions held during meetings will follow a more free-flowing discussion format so that participants have the opportunity to provide input for ongoing policy development without debating specific motions.

(d) Members may raise questions during the specified Q&A sessions during or immediately following AGMs.

(e) Member observers are encouraged to address General Council without having to seek permission to speak in each instance.

(f) Delegates use electronic voting during General Council meetings unless manual voting is requested by the speaker or General Council for a specific vote.

(g) Members use electronic voting during annual general meetings unless manual voting is requested by the Chair or members for a specific vote.

(h) Board and committee members will use manual voting during their respective meetings.

(i) The use of plurality voting in elections (whether online or during a meeting) is proposed when there are three or more candidates.

(k) Minutes, action sheets or proceedings will be made available to participants in due course.

19.2 In-camera procedures

(a) A voting participant may request on a ‘point of procedure’ that a particular discussion or session be held in camera. The participant must specify which level of in camera (listed below) is requested. A vote will be taken and a majority will be required. The two levels of in camera are:

(I) Level 1 – Exclusion of media
(II) Level 2 – Exclusion of media and non-member observers

(b) Should a motion be approved to deliberate in camera, the chair will seek additional clarification as to the appropriateness of staff and/or technicians remaining in the room to facilitate business.

(c) The use of social media to publicly convey communications on content discussed within closed sessions is prohibited.

19.3 Consent agendas

(a) The use of consent agendas allows non-controversial motions that meet the following criteria to be approved ‘en bloc’ and without debate so as to allow time for dialogue on topics that require full discussion and debate:

(I) Motions that are not likely to initiate debate or dissent among delegates or the profession
(II) Motions that are in keeping with the CMA’s strategic direction and plan
(III) Motions that require little to no resources to implement
(b) Consent agendas are presented at the beginning of a meeting. At that time, any voting participant may request that a motion be removed from the consent agenda for reasons of dissent. The motion(s) in question will be considered, if time allows, later in the meeting.

19.4 Motions
19.4.1 During meetings, it is expected that motions will be needed to adopt or reject a concept or initiative. The following are the most common types of motions used by CMA:
(a) Main motions – to direct, authorize, adopt, ratify, approve, confirm or reject an action or to express an opinion or belief. Business or corporate matters usually need to be disposed through such motions (i.e., approval of bylaw amendments, appointing auditors, etc.).
(b) Amending motions – to amend a motion under discussion
(c) Procedural motions – to deal with procedures or administrative aspects of a meeting

19.4.2 Rules typically followed include:
(a) Only a voting member can move or second a motion
(b) Motions must be clear and worded in the affirmative
(c) Motions must be relevant to the subject being discussed and within the scope and authority of the deciding body
(d) Once a motion has been moved and seconded, all subsequent discussion must be relevant to the motion on the floor.
(e) Amendments to a motion refer to a change in wording and must be relevant to the issue/motion, otherwise it will be ruled out of order. An amending motion will take precedence over the main motion and requires a majority vote. Debate will be confined to the amendment. If the amendment is defeated, discussion will return to the original motion; if the amendment is approved, discussion will return to the motion as amended.
(f) Procedural motions, including motions to refer or defer, etc. which may assist in disposing of a motion, or which interrupt proceedings (i.e., point of order or personal privilege), will be addressed according to their importance.

19.4.3 Discussion/debate procedures
(a) Participants are expected to bring forward the opinions of those whom they represent; however, voting should be carried out on the basis of merit and in CMA’s interests.
(b) When a main motion has been moved, seconded and read from the chair, it is before the meeting. When the mover speaks a second time, this closes debate.
(c) Participants wishing to speak during debate should, after being recognized by the chair, identify themselves by name and representation, state whether they are for or against the motion and speak only once to a motion for no more than 2 minutes. During annual general meetings and General Council, time will be indicated by a ‘traffic light’ system to avoid confusion and respect all in attendance. The chair may turn off a microphone if a participant exceeds his/her 2 minutes.
(d) When debate on a motion appears to have closed, the chair will put the question to a vote (after making clear the exact question to participants).
