Dr. J.F.C. (Jack) Anderson, MD

CMA President, 1949-50
University of Toronto, 1929
Internal medicine, allergy

Dr. Anderson, who practised in Saskatoon throughout his career, was also a past president of the College of Physicians and Surgeons of Saskatchewan and the Saskatchewan Medical Association. While CMA President, he was particularly interested in the training of interns. He was also involved in many aspects of clinical medicine: he served as president of the Canadian Society for the study of Allergy and was a founding member, along with Sir Charles Best, of the Canadian Diabetes Association.
