Dr. Vincent H. Moore

CMA President, 1896
Queen’s University, 1870
General practice, general surgery

Dr. Moore, who died in 1904, was highly regarded in Eastern Ontario, where he practised in Brockville. Upon his death the Queen’s Quarterly wrote: “From the very beginning of his career the people recognized his ability. His practice grew and was not confined to Brockville alone. Patients came to consult him from the country and surrounding towns, and fellow practitioners were glad to secure his advice.”
