Dr. Robertson was a colonel with the Canadian Army Medical Corps during World War I and saw service overseas. He practised in Victoria, his home town, for more than 50 years, and assumed the CMA Presidency when the Association held its 69th annual meeting in British Columbia in 1936. His obituary published in *CMAJ* following his death in 1953 stated: “It was three years ago that the 76-year-old doctor retired from active practice. Just last June the CMA had honoured Dr. Robertson by giving him a senior membership.”
