Updates to DynaMed Plus topics occur in real-time and can be tailored to your needs.”

An audit of 24-hour medical intake in an acute care hospital included:

- 18 Patients
- 44 Diagnoses
- 3,679 pages of national guidelines
- 122 hours of reading

Clinicians can’t easily navigate to the nugget of information they need.

Clinicians want to provide care based on the best available evidence.

One expert can no longer know all.

Knowledge is growing at an unprecedented rate.

This is where DynaMed Plus® can help:

- Clear, concise and transparent presentation of content with direct access to primary data.
- Editorial process exemplifies the evidence-based approach to clinical problem solving.
- DynaMed Plus’ depth of analysis is unparalleled compared to other medical references.

The reality of clinical information overload:

- 50 Million medical and scientific publications are available in public databases.
- One new medical or scientific publication occurs every 30 Seconds.
- 7,000 Publications may be yielded from PubMed searches for commonly encountered clinical problems.
