WHY SHOULD I WORK IN THE YUKON?

Robert Service described the Yukon as “A land where the valleys are nameless and the rivers run God knows where...”. This only partly describes the awe that one feels when enjoying this most amazing place. Discover the uniqueness the Yukon has to offer — a combination of challenging and fulfilling work opportunities and a lifestyle that is unmatched. The territory attracts bright, educated and independent people who seek a balance of professional, personal and family opportunities and interests. In the Yukon, you have the opportunity to practise diverse, full-spectrum medicine and be part of a small, collegial medical community. The territory has world-class outdoor destinations and sports activities. Along with a rich arts and culture community, excellent educational facilities and French-language schools, the territory offers enriching small-community environments in which to raise a family. If you would like to invest in that sense of adventure, either personally or vocationally, give the Yukon a try. Come, do a locum, see how the practice feels and experience all the Yukon has to offer.
